Faculty Development Program on
Software Quality Methods & Tools

27th – 31st March 2018

Sponsored by:
E & ICT Academy, PDPM IIITDM Jabalpur
An Initiative of Ministry of
Electronic & Information Technology Government of India

Organized by:
Department of Computer Science & Engineering
Acropolis Technical Campus, Indore (M.P.)

About Acropolis Technical Campus

Acropolis Technical Campus was formed in September 2009 with the purpose of providing quality education. The institute believes in making students not only skilled professionals but also progressive and responsible citizens who can contribute to the economic development and create better quality of life for global society in dynamic cross-cultural environment. It provides the best training and facilities with highly experienced faculties, unique student welfare activities, quality infrastructure and several additional programmes for developing the skill set of students.

## About Computer Science & Engineering Department

The demand of software professionals is growing globally. Indian professionals are respected across the world for their software related skills. The department not only focuses on completing the curriculum to pass the examinations but also tries to pace up with the development in the technology. The department aims to expose the students to the latest technology to ensure that they will be able to cope up with the fast changing technological scenario. We believe that Computer Science & Engineering education opens opportunity for any Endeavour. With the globalization of economy, opportunities for scientist & engineers are immense. We are emphasizing on all round development of the students and prepare them to face the newer challenges posed by the coming era.

About E&ICT Academy, IIITDMJ

The Ministry of Electronics and Information Technology, Govt. of India, has instituted 7 Electronics and ICT Academies, with an aim to provide specialized training to Faculty of Engineering, Polytechnics, etc., in the advanced areas of engineering disciplines. The E & ICT Academy, established at PDPM-IIITDM Jabalpur, envisages to induct activities on training, consultancy work and entrepreneurship programmes that will cover the states of Madhya Pradesh, Maharashtra & Chhattisgarh

Objective of Workshop

Software engineering is an emerging area of Computer Science and Information Technology. This five-day FDP will be organized to concentrate on obtaining Quality through testing of software products using advanced technologies and tools. To provide a roadmap for optimizing the cost and time of the software and develop user friendly software for getting higher customer satisfaction, the same will be done through hands-on & rigorous discussions by eminent experts from different industries & institutions.

Eligible Candidate

Academicians ,Young Scientists, Industrial, Researchers, can attend the workshop. Registration for the FDP can be done by sending duly filled scanned copy of the enclosed registration form (or Xerox copy), csoffice.atc@acropolis.in.

Registration Fees

Industry Person   -   Rs. 2000
Academic   -   Rs.1000

You can also make online payment as per the following information
